

**CITY OF LODI
COUNCIL COMMUNICATION**

AGENDA TITLE: Adopt resolution authorizing the purchase of four (4) Mobile Digital Computers (MDC) for newly purchased patrol cars from Data911 of Alameda, California (\$24,936.37) from the Vehicle Theft Account (PD)

MEETING DATE: December 20, 2006

PREPARED BY: Jerry J. Adams, Chief of Police

RECOMMENDED ACTION: Adopt a resolution authorizing the replacement purchase of four (4) Mobile Digital Computers (MDC) for the newly purchased patrol cars. A quote has been obtained from our MDC vendor (Data911) in the amount of \$24,936.37 and is attached to this request.

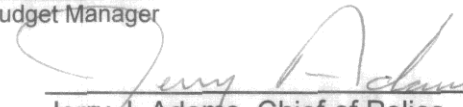

BACKGROUND INFORMATION: The Lodi Police Department is currently using Mobile Digital Computers that are nearly seven years old. The current equipment has become outdated and unreliable. The Police Department has been unable to accept software upgrades from its vendor (Data911) because current hardware is too slow, with not enough storage. In addition, the Police Department is currently unable to accept new technology offered by the San Joaquin County RAN Board that would allow officers instant suspect identification from their patrol vehicles, via mobile fingerprint scanners. The use of MDC's greatly assists patrol officers in the identification of stolen vehicles by allowing them instant access to the Department of Justice Stolen Vehicle System (SVS). Often times, suspects who are stopped cannot be easily identified by traditional means. The mobile fingerprint scanners would be attached to the MDCs and suspects would be identified at the scene, preventing suspects from possibly being released.

Data 911 has been our sole provider and sole vendor for the past ten years for multi-faceted information service components. They are the provider for our Records Management System, the MDCs, Computer Aided Dispatch, and our Report Writer. They are the provider for software and hardware currently under an Equipment Services Agreement (ESA) through Data 911, which Council approved July 19, 2006 (Resolution No. 2006-136).

FISCAL IMPACT: Funding for the replacement of these MDC's will be through the Police Department's Auto Theft Grant funds and, therefore; no fiscal impact will be realized to the City's general fund or the Police Department's operating budget.

FUNDING AVAILABLE: \$24,936.37 from Vehicle Theft Account (2311.5693)

Kirk Evans, Budget Manager

Jerry J. Adams, Chief of Police

APPROVED: 
Blair King, City Manager

RESOLUTION NO. 2006-224

A RESOLUTION OF THE LODI CITY COUNCIL
APPROVING THE PURCHASE OF FOUR MOBILE DATA
DIGITAL COMPUTERS FOR NEWLY PURCHASED PATROL
CARS UTILIZING THE VEHICLE THEFT ACCOUNT

=====

WHEREAS, Lodi Municipal Code §3.20.070 authorizes dispensing with bids for purchases of supplies, services, or equipment when it is in the best interest of the City to do so; and

WHEREAS, the Lodi Police Department is currently using outdated and unreliable mobile digital computers that are nearly seven years old; and

WHEREAS, the Police Department has been unable to accept software upgrades from its vendor, Data 911, because current hardware is slow and does not contain enough storage; and

WHEREAS, in addition, the Police Department has been unable to accept new technology offered by the San Joaquin County RAN Board that would allow officers instant suspect identification from their patrol vehicles via mobile fingerprint scanners; and

WHEREAS, the use of mobile digital computers assists patrol officers in the identification of stolen vehicles by allowing them instant access to the Department of Justice Stolen Vehicle System. The mobile fingerprint scanners would be attached to the computers and suspects would be identified at the scene, preventing suspects from possibly being released.

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council hereby approves the purchase of four mobile digital computers for newly purchased patrol vehicles from Data 911, of Alameda, California, in the amount of \$24,936.37 from the Vehicle Theft Account.

Dated: December 20, 2006

=====

I hereby certify that Resolution No. 2006-224 was passed and adopted by the City Council of the City of Lodi in a regular meeting held December 20, 2006, by the following vote:
